Subject: APM 11-16 Science and Technology (S&T) Solicitations
Date: Wednesday, May 25, 2011 14:26:40
Attachments: DASN Memo 01 Mar 2211 S&T Solict.pdf

All,

BACKGROUND:

During the course of several recent interactions with Congress, members have sought information on how their constituents can gain visibility into DoD needs, especially for Science and Technology (S&T). Accordingly, DASN (A&LM) memorandum of 1 March 2011 highlights the importance of complying with FAR 5.201 policy for synopsizing proposed contract actions in order to ensure transparency to the commercial business enterprise on DoD's needs, solicitations, and business opportunities.

POLICY:

This APM does not constitute new policy, but rather is issued as information

only.

PROCEDURES:

Contracting Officers are reminded of the mandatory requirement to transmit a notice of all applicable proposed contract actions, including S&T opportunities, to the Government wide point of entry (GPE), which can be accessed via the Internet at the Federal Business Opportunities (FEDBIZOPPS) website at www. fbo.gov.

Please ensure this information is provided to all appropriate acquisition personnel.
