1. Purpose. To set forth the policies and procedures governing the Staff Noncommissioned Officers Degree Completion Program (SNCODCP) and provide guidance for application.

2. Cancellation. MCO 1560.21C.

3. Background

a. The SNCODCP is based upon the need for staff noncommissioned officers with skills in specific educational disciplines above those associated with normal grade and MOS requirements.

b. The program provides staff noncommissioned officers an opportunity to obtain baccalaureate degrees which fulfill Marine Corps requirements, and concurrently satisfy personal educational goals.

c. The SNCODCP will not be considered an officer candidate program, nor a screening process for any Marines requesting selection in any enlisted commissioning program.

4. Summary of Revision. This Order has been revised and contains the following changes.

a. Change to eligibility requirements. Paragraph 6a(2).

b. Gives guidance for Marines who are in receipt of or eligible for the Selected Reenlistment Bonus Program. Paragraph 6a(8).

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

7 Apr 99

c. Amplifies the specific requirements and obligation incurred by 5821 or 0211 AMOS polygrapher applicants. Para. 7d.

d. Changes the mailing address for applications. Para. 8a.

e. Extends the dates for submission of applications. Para. 8a.

f. Gives guidance for additional application requirements if applying for polygrapher assignment. Para. 8e.

g. Formalizes the routing of applications during the selection process. Para. 11c.

h. Instructs Administrative commands to administer the semiannual Physical Fitness Test to Marines as part of the application process. Para. 13c(2)(c).

5. Concepts. The goal of the SNCODCP is to provide qualified staff noncommissioned officers to fill specific billets requiring baccalaureate degree/4-year level college training and maintain an inventory of staff noncommissioned officers trained in specialized areas to meet requirements within the Marine Corps. The training provided to staff noncommissioned officers within this program will be the minimum requisite education necessary to meet billet requirements. Billet requirements are established, updated, and validated through Billet Education Evaluation Certificates (BEECs) and Table of Organization and Equipment (T/O&E) change requests. Detailed submission procedures are provided in reference (a).

6. Eligibility

a. Applicants must:

(1) Be regular active duty Marines.

(2) Be in the grade of staff sergeant through master sergeant and have the potential and motivation to become a sergeant major/master gunnery sergeant. First sergeants are not eligible.

(3) Have sufficient college credits to obtain a baccalaureate degree within 18 months on campus. Only the minimum period necessary to meet degree requirements will be authorized. Continuous attendance, including summer sessions, is mandatory to ensure on campus time is minimized.

7 Apr 99

(4) Have successfully completed all entrance examinations and been accepted by a regionally accredited degree granting college/university in a program offered to all matriculating students. Enrollment in a multiple major program designed for adults returning to school does not qualify.

(5) Must possess an Associates Degree or have at least 2 years advanced standing towards a baccalaureate degree by the accredited college/university. Enclosure (1) defines the required composition.

(6) Have been accepted in a degree program leading to a baccalaureate degree required to fill a specific discipline listed in the Marine Corps bulletin announcing the selection board to which the Marine is petitioning.

(7) Have a single major study area with a minimum of 24 semester hours, in that area, upon graduation. Multiple majors will not be authorized.

(8) Marines who are in receipt of a Selected Reenlistment Bonus or eligible for the Selected Reenlistment Bonus Program are not eligible.

(9) Be eligible to be a polygraph examiner if applying for a degree in Criminal Justice, Psychology, and Computer Science/Studies (5821 [0211]).

7. Obligation Incurred

a. Applicants must agree to extend/reenlist for a period of 4 years beyond completion of the SNCODCP. This is in addition to any obligation previously incurred. Reenlistment/extension will be effected upon notification that a Marine has been selected for the program. It will be completed prior to being ordered to school.

b. Marines who have attended a formal military school in excess of 20 weeks are not eligible for the SNCODCP until previous obligation has been served.

c. Request for separation from the service while participating in and within the obligated active service, subsequent to completion of the SNCODCP, will not normally receive favorable consideration.

d. The 5821 and 0211 AMOS applicant who desires to complete the preferred undergraduate degree in Criminal Justice, Psychology, or Computer Science/Studies must voluntarily submit

MCO 1560.21D

Applications will be submitted between 1 March and 15 June annually. Application receipt will be acknowledged if a self-addressed and stamped card is submitted with the application.

It must contain the list of courses required to obtain a baccalaureate degree and will include the course name, number, and credit hours (semester or quarter) for each course. NOTE: If this enclosure is not complete, the Marine's application will not be considered by the selection board.

c. Official transcripts of all work from each college/university previously attended must be forwarded as part of the application or forwarded directly to CMC (MMEA-85) by the college/university.

d. Participation in the program will normally commence after the completion of a prescribed overseas tour or a 3-year CONUS tour. Exceptions will be considered on a case-by-case basis.

e. Any 5821 or 0211 AMOS that does not wish to be considered for a polygrapher assignment should include the following statement in his/her application (enclosure 2 paragraph 7). "If not applying to be a polygraph examiner, I wish to be considered for the following course of study _____ which I understand will incur a 3 year obligation in a 9917 specialized billet, outside of my PMOS, if found qualified and selected."

9. Application Withdrawal. Marines no longer desiring consideration for the SNCODCP will request application withdrawal via naval message to the CMC (MMEA-85).

10. Local Screening Boards
