1. **Situation.** This order establishes policy and responsibilities governing the Marine Corps Inspector General Program (IGP).

2. **Mission.** This Order establishes the Marine Corps IGP, creates the position of Command Inspector General (CIG) in major subordinate commands (MSC), and identifies CIG mission and functional responsibilities.

3. **Execution**

   a. **Commander’s Intent and Concept of Operations**

      (1) **Commander’s Intent**

      (a) It is Marine Corps policy to maintain the highest level of readiness, effectiveness, discipline, efficiency, integrity, and public confidence. Candid, objective, and uninhibited internal analysis of the management, operation, and administration of the Marine Corps is essential to achieve this objective. All inquiries into matters affecting the integrity, efficiency, discipline and readiness of the Marine Corps shall be conducted in an independent and professional manner, without command influence, pressure, or fear of reprisal from any level within the Marine Corps. All non-frivolous allegations of misconduct shall be thoroughly and impartially investigated and reported.

      (b) The Deputy Naval Inspector General for Marine Corps Matters (DNIGMC)/Inspector General of the Marine Corps (IGMC) was created by reference (a) under the authority of reference (b). The DNIGMC/IGMC is located within the Office of the Naval Inspector General and is organized to provide inspector general (IG) functional support to the Secretary of the Navy (SECNAV) and Commandant of the Marine Corps (CMC). Reference (c) requires Headquarters Marine Corps (HQMC), acting under the authority, direction, and control of SECNAV, to investigate and report upon the efficiency of the Marine Corps and its preparation to support military operations by combatant commands. References (a) and (d) grant the authority for the Marine Corps to establish centralized direction for IG functions, processes and procedures.

DISTRIBUTION STATEMENT A: Approved for public release, distribution is unlimited.
(c) Reference (e) states that the sphere of interest of the IGMC is broad, with particular emphasis on all matters affecting overall readiness. With this in mind, the Marine Corps IGP is established to promote institutional standardization of the IG mission, functions, processes, and procedures throughout the Marine Corps.

(d) The IGMC is designated the Marine Corps IGP manager.

(e) Reference (d) established the Department of the Navy (DON) policy to use the title of “Inspector General” for all Marine Corps organizations performing IG functions. Accordingly, to comply with DON policy and to support the Marine Corps IGP, all MSCs, commanded by a general officer, will establish the special staff officer billet of Command Inspector General (CIG). Although CIGs work for and are responsible to their commander, CIGs are also to be considered a functional extension of the IGMC with an important role in the Marine Corps IGP.

(2) Concept of Operations

(a) The Marine Corps IGP is composed of the IGMC, IGMC staff personnel, CIGs, and CIG staff personnel.

(b) The mission and functions of the IGMC are detailed in references (a) and (d).

(c) The mission of CIGs includes the following responsibilities:

1. Conducting inspections, investigations, or inquiries into any and all matters of importance within a command with particular emphasis on readiness, including, but not limited to: effectiveness, efficiency, discipline, morale, economy, ethics and integrity.

2. Analysis of information obtained through investigations and inspections to identify areas of weakness within a command that relate to matters of discipline, integrity, efficiency, and readiness and to provide appropriate recommendations for improvement.

3. Receipt of allegations of inefficiency, misconduct, impropriety, mismanagement, or violations of law, and investigate or refer such matters for investigation as the commander deems appropriate.

4. Serving as principal advisor to the commander on all inspection and investigation matters.

(d) CIG functions include responsibility to:

1. Conduct inspections, readiness assessments, and surveys and make appropriate evaluations, reports and recommendations concerning the command.

2. Conduct area visits and make appropriate evaluations, reports, and recommendations.
3. Establish objectives for, coordinate, and monitor inspection programs in conjunction with appropriate commanders or supervisory authorities.

4. Coordinate the efforts of organizations engaged in the periodic evaluation of effectiveness, efficiency, integrity, and economy in order to minimize duplication and the number of necessary inspections imposed on any unit or activity.

5. Initiate and conduct investigations into any matters within the command as directed by the IGMC, the commander, or as otherwise deemed appropriate by the CIG.

6. Serve as an official to whom, as an alternative to the normal chain of command channels, Marines, sailors, and civilian personnel may lodge complaints and provide facts without fear of reprisal concerning: violations of law, rules, or regulations; fraud, waste, or inefficiency; abuse of authority or other misconduct; and other matters that reasonably can be expected to be of interest to the CMC, IGMC, or commander, in order to ensure appropriate inquiry and management action.

7. Cooperate fully with the IGMC as required by references (a) and (d).

8. Maintain, in conjunction with the IGMC, oversight in the intelligence area and nonintelligence (special activities) to ensure Marine Corps compliance with applicable Executive Orders and make reports as required.

9. Coordinate the inspection program aspects of the Marine Corps Environmental Protection and Occupational Safety and Health Programs, conduct oversight inspections of command activities for compliance with these programs, and make reports as required.

10. Serve as the Marine Corps Hotline Program and Whistleblower Protection Act manager excluding all acquisition fraud, which is managed by Assistant General Counsel (AGC) (AI), the DON coordinator for all acquisition fraud issues.

11. Inspect, investigate, or inquire into matters of importance concerning fraud, waste, inefficiency and related improprieties, excluding those matters under the responsibility of the ACG (AI).

12. Act as the command action officer for congressional inquiries concerning matters under the purview of the IGMC.
