MARINE CORPS ORDER 1001.59

From: Commandant of the Marine Corps
To: Distribution List

Subj: ACTIVE DUTY FOR SPECIAL WORK (ADSW) IN SUPPORT OF THE TOTAL FORCE
(SHORT TITLE: ADSW)

Ref: (a) Title 10, United States Code, "Armed Forces"
(b) DoD Instruction 1215.19, "Uniform Reserve, Training and Retirement Category Administration"
(c) DoD 7000.14-R, "Department of Defense Financial Management Regulation"

(3) ADSW Gaining Command/Member Qualification Screening Checklist
(4) Sample 180-Day Waiver Request

1. Purpose. To establish policies and procedures for the assignment of Reserve Component (RC) personnel to active duty under the ADSW Program.

   a. The ADSW program, through short tours of active duty, provides Marine Corps Reserve personnel of appropriate grades and skills to support the existing and emerging personnel augmentation requirements of the Total Force Marine Corps and Commanders in Chief (CinCs) of Unified Combatant Commands. The ADSW Program is intended to provide personnel augmentation for both Active and Reserve forces to accomplish special projects, and to meet operational, administrative, and exercise support requirements of short-term duration.

   b. The ADSW program is not authorized to improve the potential for augmentation, achieve active duty retirement eligibility, or to create a career status.

DISTRIBUTION STATEMENT A: Approved for public; distribution is unlimited.

3. **Information.** Reference (a), section 12301(d), provides legal authority to order RC members, with their consent, to active duty. Reference (b) defines ADSW as "an authorized tour of active duty for RC personnel resourced from applicable military or Reserve appropriation to support AC or RC programs, respectively." Reference (c) provides implementing guidance for allowances, entitlements, and financial management. Additional definitions for terms used in this Order are provided in enclosure (1).

   a. The ADSW Program funding sources consist of Military Personnel, Marine Corps (MPMC), Reserve Personnel, Marine Corps (RPMC), and Operations and Maintenance, Marine Corps (O&M) appropriations. Contingency operations and unanticipated larger-scale Reserve augmentation requirements will be primarily funded through MPMC and O&M.

   b. The five MPMC/O&M ADSW budget execution categories (enclosure (2)) are: Short Tours (ADSW-AC), Active Component (AC) Exercise Support (ADSW-ES), Traditional CINC Activities (ADSW-TCA), Contingency Operations (ADSW-CO), and Unexpected Non-Contingency (ADSW-NC).

   c. The six RPMC ADSW budget execution categories (enclosure (2)) are: General Officer Short Tours (ADSW-GO), Short Tours (ADSW-RC), Reserve Exercise Participation (ADSW-EP), Department of Defense (DoD) Special Programs (ADSW-SP), Recruiting and Retention (ADSW-RR), and Funeral Honors (ADSW-PH).

   d. Budget execution categories are defined by CMC (P&R) with specific expenditure attributes that support individual elements that make up the whole funding support package (MPMC-ADSW/O&M(R)) for the Marine Corps Reserve. Reference (b) further defines the parameters for ADSW use to support special projects, exercise related functions and emerging, unplanned requirements.

4. **Force Management.** Manpower reductions resulting from Department of Defense (DoD) force drawdowns and related force structure decisions have resulted in a shortage of active duty Marines to meet current Manning requirements. The ADSW Program has evolved as a means to allow commanders the ability to meet increasing requirements with decreasing manpower. Reserve and Active component Force Planners make accessions planning decisions and changes to regulating controls throughout the year in order to meet congressionally mandated end strength parameters. Therefore, potential end strength, assignments, and promotions impacts require the Service Headquarters to have visibility and control over the total number of Marines serving on ADSW across the Marine Corps.

5. **Policy**

   a. ADSW program criteria

      (1) The requirement for ADSW should be temporary in nature with a clearly defined termination date.
(2) Marines assigned to duty under ADSW should possess the appropriate Military Occupational Specialty (MOS) or civilian skill necessary to accomplish the mission.

(3) The originating command must clearly articulate billet requirements, duties, special qualifications, experience necessary, level of security clearance, location of duty assignment, and the unit point of contact information in the orders request submission.

b. Individual Marines must:

(1) Have less than 16 years of total active service at the completion of the period of ADSW requested.

(2) Be a satisfactory participant in the Marine Corps Reserve.

(3) Be medically fit for duty per paragraph 7c and enclosure (3).

(4) Clearly understand that the ADSW assignment is temporary and there is no entitlement, contractual or implied, for continued ADSW assignments, active duty retirement, or other career incentives. See enclosure (3).

c. Within funding constraints, Operational/Budget Sponsors may authorize ADSW for periods up to 179 days. Waiver requests for consecutive or extended periods of ADSW exceeding 179 days shall be considered and managed by the Deputy Commandant for Manpower and Reserve Affairs (DC M&RA). Enclosure (4) provides the format for extensions of ADSW beyond 179 days.

d. Members of the RC on ADSW for greater than 180 continuous days per fiscal year are accountable against the Marine Corps Active or Active Reserve end strength per reference (a), section 115. For the purpose of end strength accounting, consistent with the provision of temporary support, ADSW is not cumulative within a fiscal year.

e. Waiver requests for ADSW beyond 179 days will be submitted to CMC (RAM-7), or CMC (MPP-60) in the case of ADSW-CO orders, for approval. For timely support, requests must arrive at HQMC at least 30 working days prior to the effective date.

f. Waiver requests are not required for consecutive ADSW periods, up to 179 days, after a break in active duty service of 31 days or more.

g. End Strength Exclusions. Within funding constraints, the following ADSW activities have specific statutory exclusion from end strength limitation per reference (a):

(1) RC members specifically assigned to military-to-military contacts and comparable activities, such as the Joint Contact Team Program (JCTP), for 180 days or more. The Deputy Commandant for Plans, Policies, and Operations has cognizance over the JCTP.

(2) RC members involuntarily ordered to active duty in support of a designated contingency operation in which Presidential Reserve Call-up (PRC) authority has been granted or a declared national emergency in which Partial Mobilization has been authorized. Reference (a) provides exemption only to
those members involuntarily recalled to active duty under either of these two Presidential authorities.

(3) As specified in reference (a), RC members on active duty "in support of a combatant command," may be exempted for more than 180 days but less than 271 days to perform special work.

(a) The total number of members excluded under this provision is limited to 0.2% of the authorized active duty end strength for each fiscal year. General officers may not be considered for end strength exemption under this classification.

(b) Requesting commands should identify members to be so exempted in the Total Force Reserve Orders Request Management Application (TF/RORMA) in the "special instructions" data block. Justifications should include a statement in the appropriate data block that the member is "in support of combatant commands." CMC (RAM-7) provides force management oversight and approval for this exemption.

h. ADSW is intended to accomplish those specific duties required to complete the special work identified on each orders request.

i. ADSW order requests will be submitted through the TF/RORMA utilizing NAVMC 11350. Additionally, requests for ADSW-CO orders must be initiated by Naval message to CMC (MPP-60). Upon authorization of ADSW-CO by CMC (MPP-60), the requesting command will be required to submit pertinent member information to the order writing authority to generate the ADSW orders.

j. Sixteen Year Rule. Marines on ADSW must have less than 16 years cumulative active service upon termination of the requested orders.

(1) The formula for calculating active duty years of service is:

TOTAL PAID ACTIVE POINTS (current orders inclusive)/365 = CUMULATIVE ACTIVE SERVICE

(2) This method for determining active duty retirement eligibility is the DoD and CMC (MMSR) approved formula and should be used for computation of cumulative active duty under this Order. Equivalent to 16 years, Marines having more than 5,840 active duty points are not eligible for ADSW assignments.

k. Subsequent assignment of Reserve personnel to Temporary Active Duty (TAD) while performing ADSW is at the discretion of the gaining command but should be commensurate with the purpose of the ADSW assignment. Funding must be provided by the gaining command.

l. Higher or adjacent commands interested in placing any Selected Marine Corps Reserve (SMCR)/Individual Mobilization Augmentee (IMA) on ADSW orders, from outside their parent command, are responsible for coordinating with the individual Marine’s chain of command prior to issuing orders.

m. RC member pay allowance entitlements, as prescribed by the Joint Federal Travel Regulations (JFTR), are affected by ADSW tour length as follows (reference (c)).
(1) Personnel assigned to ADSW for 139 days or less rate per diem, travel, and Basic Allowance for Housing (BAH) Type II, if otherwise entitled by the JFTR. Reserve Marines on ADSW-CO rate BAH-I. Per diem, in lieu of PCS orders requests in excess of 139 days, will require amplified justification and must be submitted to CMC (RAM-7) for approval.

(2) Members issued ADSW orders for 140 consecutive days (20 weeks) or more rate Permanent Change of Station (PCS) orders and are not entitled to per diem, except while in a travel status. PCS entitlements and BAH will be based on grade, dependency status, and the location to which they are assigned. No-cost PCS orders may be authorized for ADSW executed within a reasonable commuting distance, (reference (d)).

(3) Family Separation Allowance (FSA) is only authorized for members on active duty in excess of 30 days but less than 140 days, if transportation of the RC member’s family members at government expense is not authorized to the duty station, and if the member’s family members do not reside in the vicinity of the duty station.

(4) ADSW Personnel executing PCS are authorized movement of household goods, temporary storage, and dependent travel if otherwise entitled by the JFTR. Members have the option of declining these entitlements and may choose not to execute a PCS move. In those cases where an individual desires to execute a move, coordination with CMC through the orders request process is required for PCS budgeting. If a member originally declines a PCS move and later desires to exercise this entitlement, coordination is also required to ensure availability of funds prior to the execution of the PCS.

(5) In the case of ADSW-CO orders in excess of 139 days, CMC (MPP-60) will determine if a member will receive per diem or PCS entitlements based on dependent or OCONUS theater restrictions.

n. Recall of retirees to active duty utilizing ADSW is not normally approved.

o. Reference (d) provides information regarding other Reserve opportunities, Reserve augmentation and support methods, administration, and additional coordinating instructions for gaining commands and members.

p. Leave accrued during ADSW will be accommodated within the term of the ADSW orders. Extensions for accrued leave will not normally be approved. Accrued leave can be sold back upon release from active duty within prescribed parameters defined in reference (c).

q. In accordance with reference (d), Marines without official orders are not authorized to perform ADSW. Requesting organizations are not authorized to bring an individual on active duty without orders.

r. Refer to references (e) and (f) for performance evaluation and proficiency and conduct marking requirements, as applicable, while a member is on ADSW.

s. Enlisted Marines must have sufficient time remaining on their enlistment contracts for execution of the ADSW period requested.

t. MARADMIN 504/00 authorizes "In Progress Payments" to all Marines performing ADSW between 12 and 30 days.
6. **Orders Procedures.** ADSW orders will be generated in TF/RORMA or any subsequent automated system established as the primary orders writing system for the Marine Corps Reserve. The Reserve Order Writing System (ROWS) is expected to be operational in calendar year 2001. Once ROWS becomes operational, it will be substituted for TF/RORMA as the exclusive mechanism in generating most types of ADSW orders. A MARADMIN will announce the resulting administrative changes and policy revisions to maximize the enhanced management capabilities and efficiencies provided by ROWS. The Total Force Manpower Guidance MARADMIN, published by MPP-60 for a declared contingency, will outline processing of ADSW-CO order requests.

   a. With the exception of ADSW-CO, requests for ADSW orders for non-SMCR activities shall be submitted via the chain of command to the appropriate funding source at least 30 days prior effective date. The orders writing authority will promptly issue orders to provide the member ample opportunity for employer notification or PCS coordination. If a request must be submitted manually, NAVMC 11350 will be completed and forwarded via the chain of command at least 30 days prior to the effective date.

   b. ADSW requests for SMCR Marines will be submitted to the member’s Commanding Officer/Officer-In-Charge for disposition.

   c. ADSW requests for Individual Ready Reserve (IRR) members, Individual Mobilization Augmentees (IMAs), and Reserve General Officers will be submitted to the Commanding General, Marine Corps Reserve Support Command (CG MCRSC) for disposition.

   d. Requesting commands without TF/RORMA capability may request TF/RORMA support from MCRSC, or use the next higher headquarters with TA/RORMA capability. As a last resort, submit a hard copy directly to CMC (RAM-7).

   e. Commands requesting ADSW-AC (MPMC and O&MMC) will provide the orders writing authority with direct fund cite data to cover the travel and per diem costs. If another Service provides this funding, the requesting command will also provide the contact information (address, phone) for the cognizant finance officer to facilitate settlement upon completion of orders. U.S. Marine Corps Forces (MARFORs) requesting ADSW-TCA orders will provide the issuing authority with the supported CinC’s direct fund cite data. If a supported CinC has already provided the requesting MARFOR with funding by Military Interdepartmental Purchase Request (MIPR), the MARFOR will provide their own direct fund cite data to the orders writing authority.

7. **Medical.** Prior to acceptance and initiation of ADSW orders, Marines must be physically fit for duty. Reference (g) is the reference for health issues. Reference (d) also provides medical policy guidance within Reserve administration.

   a. To ensure the minimum currency of the SF 88/93 and NAVMED 6120/3, the member’s medical records must be screened by an appropriate medical department representative (MDR) prior to orders issuance. Dependent on the length of tour, the MDR will determine the type of medical assessment that may be required. Members may contact their MDR, unit corpsman, local military medical facility, authorized provider, or MCRSC for assistance.
b. The member must sign the statement of understanding and fitness certification, resident in the orders. The statement acknowledges that the individual is responsible for the accuracy of the fitness for duty statement under the Uniform Code of Military Justice (UCMJ).

c. Medical Examinations. A Reserve Marine under the age of 50 must have a completed medical examination within the previous 5 years. Marines 50 - 60 years old must have a completed physical examination within the previous 2 years. Marines 61 years and older must have a completed a physical within the last year. Any Marine outside these medical qualification windows must submit a current SF-88/SF-93 to the orders issuing command prior to ADSW orders generation.

(1) Pregnant Marines desiring to perform ADSW must comply with the provisions contained in reference (h).

(2) Prior to completion of active duty:

(a) Duty greater than 90 days. A Marine on ADSW for a period of greater than 90 days must receive a complete medical examination prior to release from active duty. Any changes in the member’s physical condition should be appropriately annotated. Non-compliance with or scheduling delays in completing the pre-release physical shall not be the basis for a delay in the separation process.

(b) 90 days or less. A Marine on ADSW for 90 days or less should date and sign a SF-600 entry certifying that he or she did not incur any disabling injury or illness while on active duty. Refusal to sign this statement will not delay separation.

d. Medical Hold. When a Marine is injured while on ADSW and the period of duty specified in the Marine’s orders is less than 31 days, the Marine is required to be released from active duty at the end of the orders period. Per reference (i), Notice of Eligibility (NOE) benefits may be submitted for determination.

(a) When a Marine is injured while on ADSW and the period of duty specified in the orders is 31 days or more, the command will make the appropriate unit diary entries (reference (j)) placing a Marine on medical hold. For officers, the gaining command is responsible for coordinating with their servicing MISSO to have the appropriate unit diary entries run. Because the funding category changes when a Marine on ADSW is placed on medical hold, Operational Sponsors (OpSponsors) must inform the original order writing authority so they can issue a modification to reflect accurate accounting of ADSW funds. The effective date of the modification will be the date the Marine was placed on medical hold. If the original orders authorized per diem, per diem may continue while in a medical hold status. Upon determination by a competent medical authority that the Marine is fit for duty, the orders issuing command must again be notified to terminate medical hold orders. If the Marine is unfit for duty, the Marine will be separated or medically retired in accordance with reference (k).

(b) When a Marine has been placed on medical hold, the command should ensure that the appropriate dates are noted on the separation voucher (NAVMC Form 11060). This clarification ensures the original order writing authority can generate medical hold orders to cover that period. The medical hold Marine is then referred to CMC (MMSR) and placed on medical hold for
disposition by a Physical Evaluation Board (PEB) and given a mandatory End of Active Service (EAS). The Marine may be separated for non-serious conditions and referred to the Veteran’s Administration for treatment.

(c) On a case-by-case basis, CMC (RAM-7) may authorize an ADSW extension up to 60 days to resolve minor medical problems or allow medical evaluation for referral to a PEB. Medical disability discharges are handled in accordance with reference (k) and are the responsibility of the parent command.

8. **Legal**. Marines on ADSW are subject to the UCMJ.

   a. **Legal hold.** Prior to the expiration of active duty, a Marine on ADSW orders who commits an offense under the UCMJ may be involuntarily extended for the purpose of investigation and punishment. It is the responsibility of the gaining command to run the appropriate unit diary entry indicating that the enlisted Marine is placed on legal hold. For officers, the gaining command is responsible for coordinating with their servicing MISSO to have the appropriate unit diary entry run. The pay group from which the orders are funded will not change when a Marine is placed on legal hold. The gaining command must inform the OpSponsor when a Marine on ADSW is placed on legal hold so that the OpSponsor may accurately account for their ADSW funds and initiate any orders modifications that may be required.

   b. The gaining commander has the authority to administer non-judicial punishment (NJP) subject to the limitations contained in the UCMJ and references (l) and (d).

   c. When a Marine on ADSW commits an offense under the UCMJ, but the offense is not discovered until after the completion of active duty, the Marine may be ordered to involuntary active duty by the officer exercising general court-martial jurisdiction or the Secretary of the Navy per paragraph 0123e of reference (l) for imposition of NJP, Article 32 (UCMJ) investigation, or trial by court-martial.

9. **Resources.** Funding for ADSW is derived from the Program Objective Memorandum (POM), Office of the Secretary of Defense transfers (e.g., counter drug operations), contingency operation sources, and congressional enhancements. ADSW budget guidelines generated during the POM process will be used to develop the annual ADSW budget for both the RPMC, MPMC, and O&MMC budgets.

   a. ADSW appropriations are further categorized into AC and RC funding to track funding sources for accountability. ADSW support intent and support benefit ultimately determines which category funds an ADSW request.

      (1) Support for an active duty project or exercise, when the primary benefactor is the requesting active duty command, is funded by MPMC/O&MMC ADSW.

      (2) Personnel support for a Reserve project or exercise, when the primary benefit is to the Reserve, is funded from the RPMC ADSW category.

      (3) In situations where more than one component is involved, the funding source will be determined by which component is the primary beneficiary of that support.
b. Accurate projection and representation of POM issues are necessary for full representation within the Future Year Defense Plan (FYDP). Toward that end, an ADSW Budget Working Group (ABWG) is convened annually to formulate and prioritize Reserve funding requirements for inclusion in the POM budget. Membership to the working group is announced annually by MARADMIN that also defines voting and non-voting member status.

(1) Organizations requiring ADSW support will submit NAVMC 11349 with justification to CMC (RAM-7) no later than 15 January each fiscal year. Organizations submitting a NAVMC 11349 will be given the opportunity to brief their requirements to the ABWG.

(2) Voting members will prioritize all requirements into one list. Two separate resourcing lists (MPMC and RPMC) will be developed while maintaining the integrity of the prioritized order of requirements. The ABWG will submit the final prioritized lists to the Director, Reserve Affairs (RA) who will issue all requesting organizations a tentative funding allocation. Concerned organizations will be given an opportunity to reclama and/or re-prioritize requirements. Once all concerned organizations have responded, the Director, RA will make final determination and publish the results.

c. Final funding levels will be affected by the POM/budget development process. Upon approval of the authorization and appropriation acts, CMC (RA) will coordinate the generation of funding letters which will include the annual ADSW authorizations for each budget sponsor.

d. To coordinate the efficient allocation and utilization of resources, Budget Sponsors shall submit ADSW expenditure reports to CMC (RAM-7) quarterly. Requests for additional funding or reports of estimated under execution during the budget execution year must be provided to CMC (RA) prior to 1 February of that year to ensure expeditious realignment and expenditure of funds.

10. Actions

a. The DC M&RA is delegated authority by the Commandant for all matters pertaining to the budgeting, management and execution of the ADSW Program.

b. Deputy Commandant, Programs and Resources

(1) Will notify the Director, RA of any marks or Program Budget Decisions (PBDs) from the Department of the Navy or the Office of the Secretary of Defense impacting ADSW appropriation and will solicit the development of a Marine Corps position consistent with requirements.

(2) Will inform the Director, RA of funding levels for year of execution in all categories and provide updates as may be required.

(3) Will, as the resource owner, ensure that ADSW requirements receive appropriate consideration, given other Marine Corps priorities.

c. Director, RA

(1) Is responsible for ADSW policy development and program execution oversight for DC M&RA.
(2) Has authority for budget formulation and execution of RPMC, MPMC and O&MMC ADSW funding decisions. The Director, RA will coordinate with DC P&R and the Director, MP to develop positions on marks or PBDs, provide briefs, and answer questions during the legislative review of the budget. In the event that unexpected budget year requirements surface, The Director, RA will coordinate with CMC MPP-40 and P&R (RFM and RFO) to identify funding requirements and MPMC and O&MMC funding availability. The Director, RA will also provide DC M&RA ADSW recommendations for the POM process and "mid-year review".

(3) Will conduct an annual ADSW Budget Working Group each fiscal year to formulate and prioritize ADSW requirements and funding allocations.

(4) Will issue all requesting organizations a tentative funding allocation, afford the opportunity for reclama, and finalize and publish projected allocations. O&MMC allocations will be issued to those Budget Sponsors with funded MPMC requirements. Final allocations will be determined upon the outcome of the POM/Budget process.

d. **Director, Manpower Plans and Policy**

(1) Will maintain situational awareness and visibility on Marines under ADSW-AC in excess of 179 days for active component end strength planning.

(2) Manage requests to exceed 179 days ADSW-CO through CMC (MPP-60) under existing contingency operations.

(3) In the event of a contingency operation, CMC (MPP-60), in compliance with reference (m), will:

   (a) Be responsible for preparing/publishing Total Force manpower guidance messages for Marine augmentation to support contingency operations.

   (b) Be the Headquarters, U.S. Marine Corps point of contact for MARFORs to submit validated operational Reserve manpower augmentation ADSW-CO requirements.

   (c) Provide input to CMC (MPP-40) for ADSW support requirements as required.

   (d) Coordinate to have Reserve SRB/OQR medical records sent to the gaining command.

   (e) Coordinate the processing schedules, equipment/Weapons issue, and miscellaneous supply issues with the gaining command.

   (f) Prepare/forward daily manpower reports to Joint Staff (J1).

   (g) Prepare/forward weekly operational augmentation manpower numbers to Deputy Commandant for Plans, Policies, and Operations for the CMC brief.

   (h) Track Reserve augmentation requirements for current contingencies.
e. **Director, Personnel Management Division.** Provide recommendations to the Director, RA on PCS budgeting approval or disapproval of all ADSW-AC orders 140 days or greater in which the individual will execute a movement of household goods.

f. **Commanders, U.S. Marine Corps Forces (COMMARFORs); Commanding General, Marine Corps Recruiting Command (CG MCRC); Commanding Officers, RSUs; and Requesting Agencies (to include IMA Detachment OpSponsors not associated with a MARFOR, MCRC, or RSU)**

   (1) Ensure adherence to the duties assigned, timely completion of special projects, use of leave, and proper termination of orders.

   (2) Ensure requests for waivers to the 179-day limit are submitted to CMC (RAM-7), or CMC (MPP-60) in the case of ADSW-CO orders, for approval.

   (3) Ensure Reserve Marines are not over 16 years of active duty service, as computed in accordance with this Order, prior to an orders request submission.

   (4) Ensure Reserve Marines on ADSW in excess of 90 days have a current medical screening or physical prior to active duty and separation.

   (5) Whenever possible, ensure that requests for SMCR members and IMAs are coordinated with the Marine’s entire chain of command prior to the issuance of orders.

   (6) Submit NAVMC 11349 forms with justification for ADSW account funding to CMC (RAM-7) no later than 15 January each fiscal year. NAVMC 11349 is available in the Marine Corps Electronic Forms System utilizing "Form Flow" software and also through the Navy supply system. All IMA detachments not associated with a MARFOR, MCRC, or RSU will submit NAVMC 11349 directly to CMC (RAM-7). All other IMA detachments will submit their requirements via the MARFORs, MCRC, or RSU to CMC (RAM-7).

   (7) Commands submitting MPMC ADSW requests on a NAVMC 11349 must ensure that travel and per diem costs are accurately identified.

   (8) Screen requested Marine’s eligibility for orders prior to forwarding to the Marine’s command. Utilize enclosure (3) for command screening and sponsorship.

   (9) With the exception of ADSW-CO orders generated via Naval Message, use TF/RORMA as the primary mechanism for inputting ADSW requests.

   (10) Forward all ADSW requests in excess of 139 days when a Marine desires to execute a movement of household goods and/or family member travel to CMC (RAM-7) for coordination and approval prior to issuance of orders.

   (11) For requesting organizations located aboard a base or station with a resident Reserve Support Unit (RSU):

       (a) If the gaining command is organic to the base or station, individuals on ADSW will check in with the RSU where all administrative and support functions will be performed for the member.
(b) If the gaining command is a part of the operating forces and therefore a tenant command aboard the base or station, the gaining commander is responsible for all administrative and support functions. The gaining commander’s Reserve Liaison Officer should coordinate with an RSU to ensure information on all Marines performing ADSW with the tenant command is available to the RSU.

(12) Ensure all Marines meet pre-deployment criteria for overseas ADSW assignments (see enclosure (3)).

(13) Order writing authorities should ensure a copy of all OCONUS orders are provided to the appropriate COMMARFORs.

g. Gaining Commands

(1) Upon commencement and completion of the ADSW period, report the appropriate unit diary entries per references (d) and (j). Ensure that the correct component code is reported in MCTFS in accordance with references (d), (j), and (n).

(2) Ensure that travel orders are liquidated per the guidelines contained in the JFTR. All travel claims for orders 30 days or less will be settled by the RC members’ parent command. Claims for orders exceeding 30 days must be settled at the base or station where the duty was performed. Claims for other Service funding, i.e., Department of the Army/Department of the Air Force, must be forwarded to the appropriate finance office for settlement of associated travel and per diem costs. The Marine must annotate on their orders and in their medical record that he/she is physically qualified for release from active duty.

(3) Identification (ID) Cards. Marines that perform ADSW orders for 31 days or more will be issued active duty ID cards. ID cards will be issued in accordance with reference (o).

(4) Family Members. The family members of Marines performing ADSW of 31 days or more will be issued active duty dependent ID cards (reference (o)) and will be enrolled in the Dependents Enrollment Eligibility Reporting System (DEERS).

(5) Fitness Reports. Fitness Reports will be completed per the guidance contained in reference (e).

(6) Separation. Marines performing ADSW orders of 30 days or more must receive a Separation Voucher (NAVMC 11060) and those on active duty 90 days or more must be issued the Separation Voucher and a DD214 (Certificate of Release or Discharge from Active Duty). Upon separation of the Marine, complete those actions required by reference (k).

(7) Physical Examination. Ensure that the Marine’s medical record is screened by an MDR prior to ADSW. Upon completion of active duty, the Marine must complete a separation physical or medical release prior to release from active duty, (reference (g)).

(8) Ensure that the Reserve member has checked-in with the RSU, or if performing ADSW with a tenant command, that information on the Reserve member is provided to the RSU.
(9) Utilize enclosure (3) as a guide for gaining command ADSW member qualification, sponsorship, and administration. Utilize enclosure (4) when seeking to extend a Marine on ADSW beyond 180 days.

(10) In excess of 30 days of active duty, ensure the member’s record books and MCTFS data have been maintained, appropriately annotated, and updated for the period of ADSW.

11. **Applicability.** This Order is applicable to the Marine Corps Total Force.

12. **Recommendations.** Recommendations for changes to this Order are encouraged and should be submitted to CMC (RAP-22).

GLOSSARY

1. **Active Duty (AD)**. Full-time duty in the active military service of the United States. It includes full-time training, annual training duty, and attendance, while in active military service, at a school designated as a service school by law or by the Secretary of the military department concerned.

2. **Active Duty Special Work (ADSW)**. ADSW is included under the category of Active Duty Other than for Training (ADOT). It is defined as an authorized tour of AD for RC personnel from applicable military or Reserve appropriations (ADSW-AC funded or ADSW-RC funded) to support AC or RC programs, respectively.

3. **Active Duty for Training (ADT)**. ADT is a category of AD used to provide structured individual training, unit training, or educational courses to RC members. Included in the ADT category are Annual Training (AT), Initial Active Duty for Training (IADT), and Other Training Duty (OTD).

4. **Active Duty Other Than for Training (ADOT)**. A category of AD used to provide RC support to either AC or RC missions. It includes categories of ADSW, AGR (AR) duty, and involuntary AD per reference (a). Training may occur in the conduct of ADOT.

5. **Active Reserve (AR)**. Marines who are part of the SMCR on full-time duty under 10 U.S.C. Sections 10211, 12310 (d) or 12310 for the purpose of organizing, administering, recruiting instructing, or training the Reserve Component.

6. **Annual Training (AT)**. It is the minimum period of training that SMCR members must perform each year to satisfy Marine Corps training requirements associated with their assignment. The primary purpose of AT is to provide individual and/or unit readiness training, but it may also be used to provide operational or administrative support of the AC missions and requirements.

7. **Cumulative Active Service**. The total amount of active service a Marine has accumulated on active duty.

8. **End Strength**. The authorized personnel strength set by Congress for each fiscal year of active duty personnel, paid for by funds appropriated for active duty and reserve personnel, and the Selected Marine Corps Reserve determined necessary to provide for the national defense.

9. **Gaining Command**. This command is the unit to which the Marine is joined for performing ADSW or rejoining after completion of ADSW. It is directly responsible for the unit diary entries, administrative support, assistance, and sponsorship of the member.

10. **Individual Mobilization Augmentee (IMA)**. An individual member of the SMCR who receives training and is pre-assigned to an AC organization, a Selective Service, or a Federal Emergency Management Agency billet that must
be filled to meet requirements of the organization to support mobilization (including pre- and/or post-mobilization) requirements, contingency operations, operations other than war, or other specialized or technical requirements.

11. Individual Ready Reserve (IRR). A trained manpower pool of Ready Reservists who are not in the SMCR. The IRR consists of: (1) Marines who have had training and served previously in the AC or in the SMCR and have some period of Military Service Obligation (MSO) remaining, (2) Marines who have completed their MSO and are in the IRR by choice, and (3) Marines of the Delayed Entry Program.

12. "In Support of Combatant Commands". Reservists performing ADSW support of CINCs fall into two categories:

   a. Direct support by IMAs or other individual augments performing duties as members of the CINC’s staff.

   b. Indirect support by Reserve units and individuals augmenting the operating forces of the Marine Corps that are participating in CINC exercises and/or operations, or other activities related to fulfilling CINC requirements.

13. Military Personnel, Marine Corps (MPMC). An appropriation category used to fund activities that support the AC.

14. Major Subordinate Command (MSC). Major commands under the command of a Force Commander. MSCs under COMMARFORRES include 4th MarDiv, 4th FSSG, 4th MAW, and MCRSC. I MACE and II MACE are also MSC’s but are only under the administrative control (ADCON) of COMMARFORRES.

15. Mobilization Training Unit (MTU). A unit established to provide RC training in a non-pay status for volunteers of the IRR and the Standby Reserve (ASL) attached under competent authority and participating in such units for retirement points.

16. Operation and Maintenance, Marine Corps (O&MMC). An appropriation category used to fund activities that support the AC.

17. Ready Reserve. The Ready Reserve is comprised of military members of the Reserve, organized in units or as individuals, or both, and liable for involuntary order to AD in time of war or national emergency under reference (a). The Ready Reserve of the Marine Corps consists of the SMCR and the IRR.

18. Reserve Counterpart Training (RCT). A program designed to give members of the IRR an opportunity to enhance military skills by training with their AC counterparts. RCT provides mobilization readiness training for preassigned IRR’s (MCO 1510.39).

19. Reserve Personnel, Marine Corps (RPMC). An ADSW appropriation category used to fund activities that support the RC.

ENCLOSURE (1)
20. **Retired Reserve.** The Retired Reserve consists of: (1) RC members who have been retired under the provisions of 10 U.S.C. Sections 6323, 6327, or 12731; and, (2) RC members who have been transferred to the Retired Reserve upon their request, retain their status as Reservists, and are otherwise qualified.

21. **Satisfactory Participation.** Attendance and participation in the required activities for an individual training category, as prescribed for attendance at IDT, AT, or ADT.

22. **Selected Marine Corps Reserve (SMCR).** That portion of the Marine Corps Ready Reserve in an active status having IDT and AT requirements. SMCR members are in COMMARFORRES units, IMA status, initial active duty for training, or in the AR program.

23. **Unsatisfactory Participant.** A member of the Ready Reserve who fails to fulfill an obligation or agreement as prescribed in reference (a); or a member who fails to meet the standards prescribed by the Marine Corps for attendance at IDT, AT, and ADT.

ENLCOSURE (1)
1. **Short Tours (ADSW-AC).** Provides manpower to support specific short-term active component (AC) requirements and special projects beyond day-to-day operations. Each Fiscal Year, CMC (RA) will allocate MPMC/O&MMC ADSW funding for pay and allowances, travel, and per diem to MARFOR’s, RSU’s, and IMA Detachment Operational Sponsors. Organizations that have not been allocated annual ADSW funds may request ADSW support to cover the cost of pay and allowances from CMC (RAM-7). These organizations will normally be required to cover costs beyond pay and allowances (travel and per diem) by providing their own appropriation data. This also includes IMA members on ADSW who perform assigned mobilization billet functions, special projects or non-exercise related duties beyond normal drills and AT periods. Individuals assigned to the retired list recalled to active duty will also be assigned under this category.

2. **Active Component Exercise Support (ADSW-ES).** Fulfills active component exercise support requirements such as controllers, evaluators, planners, and other critical staff support functions not readily available within the requesting command. IMA members requested to perform their assigned mobilization billet functions on ADSW orders, in excess of 30 days and not in conjunction with AT to support an active exercise, will do so under this category. Each fiscal year, CMC (RA) will allocate MPMC ADSW funding to MARFOR’s through the ADSW budget process to cover the pay and allowances costs and O&MMC to cover associated per diem and travel costs.

3. **Traditional Combatant Command Activities (ADSW-TCA).** TCA’s are those activities CinCs conduct within their Area of Responsibility/Area of Interest in order to promote regional security and further U.S. National Security interests. Specific programs vary widely between each CinC directed military to military program. On an annual basis, SecDef provides the CinCs with O&M funds to pay for these activities. MPMC funding for pay and allowances will be provided by CMC (RAM-7). The CinCs are required to provide O&M dollars to the Marine Corps for travel and per diem costs associated with Marine ADSW-TCA requirements. These funds are usually provided to the supporting Commander, U.S. Marine Corps Force through Military Interdepartmental Request (MIPR) or direct site fund data. This category applies only to CINC staffs, MARFOR Reserve Liaison Officers (RLOs), and CMC designated TCA coordinators. All requests for ADSW-TCA will be forwarded to CMC (PLU) info CMC (RAM-7).

4. **Contingency Operation (ADSW-CO).** Provides RC members, voluntarily ordered to active duty, to support a designated contingency operation where Presidential Reserve Call-up (PRC) authority has been granted. ADSW in support of contingency operations is funded through MPMC and O&MMC appropriations. Voluntary orders are not restricted to specific Reserve categories and are subject to a 179-day limit to preclude counting against active component end strength.

ENCLOSURE (2)
5. **Unexpected Non-Contingency (ADSW-NC).** Meets unprogrammed peacetime support requirements, primarily of the active forces, submitted during the budget year by Marine Corps organizations. Depending on the size of the requirement and funding availability, O&MMC appropriations may be issued to cover the associated per diem and travel costs. Otherwise, the supported organization may be required to provide some or all of the O&MMC funding.

**Reserve Personnel, Marine Corps (RPMC) Categories**

1. **General Officer Short Tours (ADSW-GO).** Provides general officers to meet short-term Reserve component projects or fulfill Selected Marine Corps Reserve (SMCR) general officer billet functions. The Marine Corps Reserve Support Command (MCRSC) maintains funding designated to support general officer requirements. All requests for general officer ADSW will be coordinated through MCRSC.

2. **Short Tours (ADSW-RC).** Provides manpower support to accomplish specific short-term Reserve and DoD special interest projects or emerging requirements above and beyond day-to-day operations that may require Reserve expertise. This category may also include competitive military event support such as the Confederation Interalliee des Officer de Reserve (CIOR). Each fiscal year, CMC (RA) allocates RPMC ADSW funding to the MARFOR’s and RSU’s to cover costs associated with ADSW orders.

3. **Reserve Exercise Participation (ADSW-EP).** Provides support for attendance at Reserve planning conferences, Reserve exercise participation support requirements, or Reserve unit participation in active component scheduled and sponsored exercises.

4. **Department of Defense (DoD) Special Programs.** Provides reservists in direct support of counter narcotics activities, civil military activities, and General Defense Intelligence Programs (GDIP) through RPMC funds allocated from various Department of Defense sources.
   a. **Counterdrug (ADSW-CD).** Requests for ADSW-CD are coordinated through MARFORRES G-3/Counterdrug.
   b. **Demand Drug Reduction Task Force (ADSW-DD).** This category is exclusively used by CMC (RAM-7).
   c. **Civil Military (ADSW-CM).** Requests for ADSW-CM coordinated through MARFORRES G-3/Civil Military.
   d. **Reserve Intelligence Programs.** The following categories are coordinated through and approved by CMC (CIR):
      (1) **Joint Military Intelligence Program (ADSW-JMIP).** This category involves participation in CinC, Joint Chiefs of Staff (JCS), and National Agency (CIA, DIA, NSA) level multi-Service intelligence support for projects or exercises.
(2) **General Defense Intelligence Program (ADSW-GDIP)**. This category involves participation in DoD level multi-service intelligence support for projects or exercises.

(3) **Tactical Intelligence and Related Activities (ADSW-TIARA)**. This category involves participation in Marine Corps specific intelligence support for projects and exercises.

5. **Recruiting and Retention (ADSW-RR)**. Reserve personnel assigned to Recruiting Stations to assist recruiters in canvassing and contacting qualified applicants to enlist in the Marine Corps Reserve. It also allows individual members with definitive skills to visit schools, and non-prior service personnel at home and public functions to discuss advantages and benefits inherent in the Marine Corps Reserve mission. This category is reserved for the exclusive use by the Commanding General, Marine Corps Recruiting Command (MCRC).

6. **Funeral Honors (ADSW-FH)**. Provides manpower support specifically for the preparation, training, and performance of Military Funeral Honors (MFH). Each fiscal year, CMC (P&R) will distribute ADSW funding allocated for the exclusive purpose of MFH support. Headquarters, U.S. Marine Corps and COMMARFORRES facilitate expenditure in support of mission performance. ADSW-FH can provide optimized member utilization, extended MFH detail manpower augmentation, and complementary unit personnel additions toward this growing and highly visible mission.

ENCLOSURE (2)
ADSW GAINING COMMAND/MEMBER QUALIFICATION SCREENING CHECKLIST

1. The purpose of this checklist is to ensure the Reserve component (RC) member volunteering for an ADSW assignment is fully qualified and prepared to execute orders and that the gaining command executes administration appropriate to the member and the mission. This checklist is recommended for both the requesting authority and/or the gaining command.

2. The gaining Commanding Officer is responsible for ensuring that a member called to active duty for ADSW meets all medical, dental and administrative requirements. Upon receipt of ADSW orders, the gaining command should complete the following ADSW checklist to ensure the Reserve member is qualified to execute the orders. If deficiencies are identified, the gaining command should take those actions necessary to correct the deficiencies prior to the member’s execution of orders. If a deficiency cannot be corrected prior to the ADSW start date, the command will notify CMC (RAM-7), the Operational Sponsor, or the competent order writing authority as appropriate of the disqualifying nature of the deficiency and coordinate and recommend the disposition (i.e., delay, cancellation, replacement, etc.) for the member and the requirement.

3. The RC member will certify his review of the checklist and understanding of the ADSW program. Prior to receipt and acceptance of ADSW orders, the member will satisfy the individual eligibility criteria contained in paragraph 5.b. of the order. Upon receipt of ADSW orders, the member should review both his/her orders and this checklist to facilitate the ADSW call to active duty.

4. This checklist should be retained with the member’s record for the duration of the ADSW tour.

ENCLOSURE (3)
- Family members are pre-enrolled (for periods of 30 days or less) or enrolled (in excess of 30 days) in DEERS, as applicable. If not, initiate applications and make further arrangements for issuing dependent ID card(s).

- SGLI Form 8286 is verified as current and accurate.

- Completed W4 form for tax withholdings.

- Member has Government Travel Charge Card, if recommended or required as a frequent traveler. If not, process application. (MCO 4600.40)

- Member has approval of SMCR CO or IMA Detachment OIC and notified civilian employer of ADSW.

- For all OCONUS orders insure Antiterrorism Training and Force Protection (FP) training has been accomplished.

- For all OCONUS orders insure area clearance has been requested in accordance with DoD Foreign Area Clearance Guide (DOD 4500.54-G).

**MEDICAL/DENTAL REQUIREMENTS**

- Physical Exam current and SF-88/SF-93 reviewed and information is current in MCTFS.

- Member is physically qualified (confirm member is not TNPQ or has a NOE).

- Member complies with current physical readiness standards.

- Immunizations are current (as applicable to the ADSW assignment).

- HIV test within past 12 months (or as required by ADSW assignment) with negative results and information is current in MCTFS.

- Member is Dental class I or II and has a current panoral x-ray.

- If enrolled in TRICARE SELRES Dental and ADSW period is for 30 days or more, member must be disenrolled.

- DEERS reflects DNA sample on file (if applicable).

**ACTION ITEMS (For orders in excess of 30 days)**

- If member desires enrollment in TRICARE, election forms are filled out/processed.

- Member has most recent eyeglass prescription and extra set of eyeglasses.
BRIEFING REQUIREMENTS

- Contents/requirements of the ADSW orders were reviewed and explained to the member.

- Member briefed on ADSW limits and understands that the ADSW assignment is temporary and not intended as a career program.

- Member briefed and understands that there is no entitlement, contractual or implied, to continued ADSW assignments or entitlement to active duty retirement or career incentives.

- If performing ADSW in CONUS and use of POV is authorized, member informed to have current license, registration and proof of insurance for base decal issuance.

- Member was briefed on Powers of Attorney for financial issues, taxes, child-care, household goods storage, etc. Assistance provided as required.

- Member briefed on provisions of Soldiers’ and Sailors’ Civil Relief Act and Uniformed Services Employment and Reemployment Rights Act that pertain to member.

- Member briefed on Antiterrorism, Force Protection, and Threat and Intelligence Assessment as applicable.

- Members should have the following documentation in his/her possession to facilitate processing requirements (as applicable, and/or if information is not recorded in their service record):

  * Voided personal check or deposit slip showing bank address, telephone number, bank routing and account numbers for DDS enrollment.

  * Certificate of Discharge/Separation (DD Form 214) for all periods of active duty.

  * Copies of birth, adoption, or guardianship certificates for all dependents.

  * Copies of all child support agreements.

  * Family member’s social security numbers.

  * Certified copy of current marriage certificate.

  * Certified copies of documentation terminating previous marriage(s) (i.e., divorce/annulment decree, spouse death certificate).

  * Certification of full-time college or equivalent secondary education enrollment for self and college age family members.

  * Signed statement from licensed physician or medical officer for dependent parent/children over age 21 who are incapacitated.
MEMBER HAS BEEN ISSUED ORIGINAL ENDORSED ORDERS, SERVICE/MEDICAL RECORDS AND IS QUALIFIED TO EXECUTE THE ADSW ASSIGNMENT:

(Gaining Commanding Officer or Command Representative signature/date)

I have reviewed my orders and the screening checklist and have been briefed on those matters related to my acceptance and execution of ADSW orders. I have been briefed and understand that my ADSW assignment is temporary and not intended as a career program. Further, I understand that there is no entitlement, contractual or implied, to continued ADSW assignments or entitlement to active duty retirement or career incentives. I attest to my fitness for duty and certify that I meet height and weight standards as set forth in MCO 6100.10B. I understand that I will be released from active duty upon the expiration of my orders unless specifically authorized to continue by the cognizant order writing authority. If on duty for a cumulative period greater than 90 days, I understand that I will undergo a release from active duty medical assessment before my release. I will notify my command immediately if I am injured or experience any significant change in my physical condition or fitness for duty.

(Reserve component member signature/SSN/date)
