MARINE CORPS ORDER 3502.40

From: Commandant of the Marine Corps
To: Distribution List

Subj: POLICY FOR COORDINATING INTERAGENCY (IA) SUPPORT INTO MARINE CORPS TRAINING AND EDUCATION

Ref: See enclosure (1)

Encl: (1) References
(2) Marine Corps Tasks (MCTs) / Interagency (IA) Coordination Linkage
(3) Interagency (IA) Training Request Procedures
(4) Interagency (IA) Training Support Request Template

1. Situation. This Order establishes policy and procedures for coordinating Interagency (IA) support into United States Marine Corps (USMC)-sponsored training and education events, particularly when resource expenditure is involved. It directly supports the development of those skills and related processes necessary to better position the Marine Corps as a principal IA team member across the competition continuum. This Order applies to Fleet Marine Force (FMF) units and to the Marine Corps Reserve when under the administrative control (ADCON) of the Commandant. This Order assigns Commanding General (CG), Training and Education Command (TECOM) as the primary coordinator for USMC requests to United States Government (USG) Agencies for training and education support and provides the authority to de-conflict/prioritize requests, if necessary. However, it does not supersede policy contained in other Marine Corps Orders or formal support agreements as outlined in references (c) and (m) between USMC organizations and USG Departments and agencies.

   a. Within the context of Department of Defense (DoD) involvement, interagency coordination is defined as: “the planning and synchronization of efforts that occur between elements of DoD and participating USG Departments and Agencies.” (Upon approval of this revised publication, this definition will modify the existing definition and be incorporated into the DoD Dictionary.) [reference (b)].

   b. DoD provides support to other USG Departments and agencies when requested under the authorities contained in Title 22, United States Code (U.S.C), Foreign Relations and Intercourse, and Title 10, U.S.C, Role of the Armed Forces (specifically Defense Support to Civil Authorities (DSCA)):

      (1) Title 22, U.S.C, Foreign Relations and Intercourse, provides for United States (U.S.) federal military and diplomatic support to foreign governments upon request. The requirement for USMC units to train with IA partners in the conduct of Title 22 operations is nested in several related Marine Corps Tasks [enclosure (2)].
(2) DSCA operations are executed in accordance with reference (a) and within the jurisdictional boundaries of all 50 States, as well as the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any territory or possession of the U.S. or any political subdivision thereof. DoD provides DSCA in response to actual or potential natural or man-made disasters, catastrophic events, or emergencies. Only Marine Forces North and Marine Forces Pacific conduct DSCA operations as directed by their respective Combatant Commanders (CCDRs).

2. Mission. Establish policy and procedures for coordinating IA support into USMC training and education events in order to better prepare Marines to operate across the competition continuum. This Order is in accordance with references (a) through (m).

3. Execution
   a. Commander’s Intent and Concept of Operations
      (1) Commander’s Intent. The Marine Corps integrates IA operations into Service-sponsored training and education in order to: replicate realistic scenarios involving IA organizations USMC units will likely encounter when deployed, and gain greater exposure to and familiarization with IA operations and processes through inclusion of IA Subject Matter Experts. Exercise development will be founded upon a mutually constructive methodology where training benefits accrue to both USMC and IA organizations. Engaging IA partners should occur at the earliest stages of exercise design and throughout all phases of planning and execution.
      (2) Concept of Operations. Reference (d) reaffirms the Marine Corps’ role as the Nation’s premier naval expeditionary force-in-readiness and as such, the responsibility to be prepared to perform “such other duties as the President may direct,” [e.g.] “foreign humanitarian assistance (FHA), disaster relief, and noncombatant evacuations.” The ability to accomplish such missions is grounded in a training program that is Mission Essential Task-focused and built on individual, unit, and collective Training and Readiness events.

(a) Requests from FMF units for IA support into Marine Corps training and education events will be submitted to CG TECOM via the organizational chain of command. CG TECOM will facilitate coordination between those units and supporting USG Departments and agencies.

(b) FMF unit requests for intra-departmental DoD agency support will follow the same procedures as those for IA support.

(c) Where other USG agency representatives are assigned or attached to a USMC organization (e.g., Foreign Policy Advisors, Academic Chairs, Humanitarian Assistance Advisors to the Military, or any other USG liaison or exchange officers), leveraging those assets in pursuit of increased IA training and education integration is encouraged.
b. Subordinate Element Tasks

(1) Commanding General, Training and Education Command (CG, TECOM)

(a) Serve as the primary coordinator and service point of contact for requests to USG agencies for support to USMC training and education.

(b) Represent USMC interests for IA training and education issues at requisite USG conferences, meetings, and other venues, such as the State-USMC Training Integration Working Group and Joint Staff (JS) J7 Integration and Exercise Workshop, as required.

(c) Collect and coordinate IA support to requesting USMC organizations in accordance with procedures contained in this Order. If necessary, de-conflict/prioritize USMC service IA training and education support requirements to IA partners and JS J7.

(d) Facilitate reception, staging, onward movement, and integration of IA personnel into supported USMC training and education events.

(e) Promulgate opportunities for USMC organizations to include USG agency participation into their respective training and education events.

(f) Semi-annually, provide a listing of IA sponsored courses/training opportunities for FMF units, to Deputy Commandant, Plans, Policies and Operations for coordination/scheduling, if desired.

(g) Monitor and provide feedback of those IA training aspects incorporated into Service-level training venues.

(2) Commander, Marine Forces Command; Commander, Marine Forces Pacific; Commander, Marine Corps Special Operations Command; Commander, Marine Corps Forces Cyberspace Command; and Commander, Marine Forces Reserve

(a) Ensure all subordinate organizations comply with the policy and procedures set forth in this Order.

(b) Validate subordinate unit requests for IA training and education support prior to submitting to CG TECOM.

c. Coordinating Instructions

(1) Utilize USMC IA Training Request Procedures [enclosure (3)] to request IA participation in USMC training and education events.

(2) Submit requests to TECOM G-3 Joint, Interagency, and Multinational Branch (JIMB) using IA Training Support Request Template [enclosure (4)]. Requests will be submitted in the Enterprise Task Management Software Solution (ETMS2).
4. **Administration and Logistics**

   a. **Records Management.** Records created as a result of this Order shall be managed according to National Archives and Records Administration (NARA)-approved dispositions in reference (f), SECNAV M-5210.1, to ensure proper maintenance, use, accessibility, and preservation, regardless of format or medium. Records disposition schedules are located on the Department of the Navy/Assistant for Administration (DON/AA), Directives and Records Management Division (DRMD) portal page at: https://portal.secnav.navy.mil/orgs/DUSNM/DONAA/DRM/Records-and-Information-Management/Approved%20Record%20Schedules/Forms/AllItems.aspx. Refer to reference (g), MCO 5210.11F, for Marine Corps records management policy and procedures.

   b. **Privacy Act.** Any misuse or unauthorized disclosure of Personally Identifiable Information (PII) may result in both civil and criminal penalties. The Department of the Navy (DON) recognizes that the privacy of an individual is a personal and fundamental right that shall be respected and protected. The DON's need to collect, use, maintain, or disseminate PII about individuals for purposes of discharging its statutory responsibilities shall be balanced against the individuals' right to be protected against unwarranted invasion of privacy. All collection, use, maintenance, or dissemination of PII shall be in accordance with reference (h), the Privacy Act of 1974 (5 U.S.C. § 552a), as amended, and implemented in reference (i), SECNAVINST 5211.5F.

   c. **Updates.** Updates to this Order shall be done in accordance with the current iteration of reference (l).

   d. **Recommendations.** Submit recommendations concerning this Order to TECOM G3 via chain of command. TECOM G-3 JIMB will maintain the currency of this Order.

5. **Command and Signal**

   a. **Command.** This Order applies to Marine Corps FMF units and to the Marine Corps Reserve when under the control of the Commandant, when participating in USMC sponsored training and education events.

   b. **Signal.** This Order is effective the date signed.

Table A lists Marine Corps Tasks (MCTs) that include other USG Department and Agency participants and which may be used to support IA participation into USMC training and education events. The list is intentionally focused on those MCTs that support Title 22 operations and is therefore not all inclusive. Potential IA partners are provided at the Department/Agency Senior HQ level, however, additional point of contacts at subordinate echelons may be identified through subsequent coordination.

Table 1-1.--Marine Corps Task (MCT) / Interagency (IA) Coordination Linkage

| 6.2.3.2.3 | Conduct External Supported Personnel Recovery (PR) | External Supported Recovery (ESR) is either the support provided by the MAGTF to other Joint Task Force (JTF) components, interagency organizations, or multinational forces or the support provided by these entities to the MAGTF. | JUSTICE: Federal Bureau of Investigation (FBI)  
STATE: Diplomatic Security |
| 6.4.5.1 | Provide Chemical, Biological, Radiological, Nuclear Consequence Management (CBRN CM) Command and Control | Example measure states, “Operate within a JIIM environment.” | HOMELAND SECURITY: FEMA |
| 6.6.2 | Conduct Policing Operations | Policing operations are directly focused on the welfare of the population and support to the mission of the MAGTF commander across the ROMO. Key actions include integrating into JIIM operations, civil disturbance control, and integrating escalation of force (EOF) capabilities into operations. | JUSTICE: International Criminal Investigative Training Assistance Program (ICITAP), FBI  
STATE: Diplomatic Security |
Interagency (IA) Training Request Procedures

STEP 1 – IDENTIFICATION OF REQUIREMENT: In accordance with reference (j), designated Marine Corps operating force units and installations develop Mission Essential Task Lists (METLs) to focus training and report readiness against Core and Assigned missions. Mission Essential Tasks (METs) are developed for unit types and will normally be drawn from the Marine Corps Task List. Similarly, MCTs are often imbedded within Joint Professional Military Education curricula taught at the Marine Corps University. Table A lists MCTs that include other United States Government (USG) Department and Agency participants, and which may be used to support IA integration into USMC training and education events [enclosure (2)].

STEP 2 – CONSIDERATIONS: USMC organizations seeking to integrate IA personnel should satisfy the following criteria:

a. Training/education event is 60 or more days from commencing.

b. Unit can integrate IA personnel and training equities into required Joint Event Life Cycle (JELC) stages in accordance with reference (k). Note: IA personnel supporting planning/scripting conferences may not necessarily be the same person to participate in the execution.

c. Unit must be prepared to pay Temporary Additional Duty costs for participating IA personnel using Service funds (unless the training event is part of the Joint National Training Capability program).

d. Unit Defense Travel System (DTS) Service Administrator will issue Invitational Travel Orders and process traveler’s itinerary in DTS.

STEP 3 – SUBMIT SUPPORT REQUEST: Complete IA Training Support Request Template [enclosure (4)] and submit to Training and Education Command (TECOM) G-3 Joint, Interagency, and Multinational Branch (JIMB) via the chain of command in the Enterprise Task Management Software Solution (ETMS2). TECOM G-3 JIMB will register the requirement and process the request through the State-USMC Training Integration Working Group or other applicable IA coordination body. Failure to properly fill out the IA Training Support Request Template may result in delay of supportability for the request.

STEP 4 – PRE-EXECUTION REQUIREMENTS: Prior to execution, TECOM G-3 JIMB will release a Welcome Aboard email connecting the requesting USMC organization(s) with the IA participants supporting their event and granting Direct Liaison. Commands will be prepared to finalize administrative requirements, provide schedule of events and scenario read-in, and answer any questions from the IA participants related to the exercise.

STEP 5 – POST-EXECUTION: Following execution, USMC units are required to submit IA participant travel vouchers for DTS reimbursement within five business days. TECOM G-3 JIMB will draft Letters of Appreciation for supporting IA participants for signature by CG, TECOM within ten business days.
Interagency (IA) Training Support Request Template

1. **Date of Request:** Month/Day/Year
2. **Name of Exercise:** Name
3. **Parent Organization:** Name
4. **Organization Requesting Support:** Name
5. **Description of Overall Exercise:**
   a. Length of exercise: (# days)
   b. Location of exercise
   c. Exercise events (i.e., NEO; Amphibious Raids; Visit, Board, Search, and Seizure)
   d. Senior USMC Exercise Participant
6. **Purpose and Description of Each Training Event:**
7. **Requested Date(s) of Support:** Time, Day, Month, and Year (Include specific time window. Also, include alternate dates and times if applicable)
8. **Classification of Exercise:** SECRET/UNCLASS
9. **Regions/Countries of Concern:** As required
10. **Exercise Timeline:** List by event name/date(s)
11. **Interagency (IA) Scenario Input:** Provide scenario input/scripted activities to support individual training objectives
12. **Interagency (IA) Personnel Support Requirements:** Provide a detailed description of the support requested and the associated expectations of each State participant requested. Please indicate any specific functional/technical expertise including any language requirements. Also provide a detailed description of any unique requirements i.e., by name requests (please include rationale). Try to provide language a supervisor would find justifies allowing a subject matter expert to leave their day job at State to support DoD. Include detail and emphasis on early identification of classification/network access and training requirements to include NATO read-in, SIPR token verification or creation, DISS/VAR and SAAR form(s) and any subsequent training requirements (e.g., CYBER-C, Derivative Classification etc.).
13. **Estimated Number of Personnel Participating in Event:**
   a. Control personnel: 
   b. Role Players - Marine: 
   c. Role Players - Contracted (non-DoD): 
   d. Exercise participants: 

Enclosure (4)
14. Coordinating Instructions:
   a. Lodging/Travel (air/ground)/meals/attire
   b. Installation/building access requirements
   c. Weapons policy
   d. COVID protocol
   e. Event Work hours/Activities for IA augments:
   f. Workspace location for IA augments
   g. Other

15. Funding for Travel/Per Diem:  YES/NO

16. Defense Travel System (DTS) Point of Contact: Name, title, phone, email address

17. Security Point of Contact: Name, title, phone, email address

18. First O-6 in the Chain of Command: Name, title, phone, email address

19. Event Points of Contact: Name, title, phone, email address
