For military personnel, failure to comply with this Order may result in disciplinary action and/or adverse administrative action, including administrative separation in accordance with references (a) and (b).

2. Cancellation. MCO 1740.13A.

3. Mission. This Order provides policy for the requirement, preparation, validation, and maintenance of specific instructions for the care of dependent family members.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.
4. Execution
   
a. Commander's Intent and Concept of Operations

   (1) Commander's Intent

   (a) The Marine Corps shall comply with reference (c) and shall establish implementation policy to standardize guidance and procedures for the Total Force and CEW employees and personnel in support of Marine Corps units (hereinafter referred to collectively as "Marines").

   (b) All Marines, with the exception of those with no dependent(s), shall have a validated Family Care Plan (FCP) initiated as part of the check-in process for their first permanent duty station or within one year from the date this Order is signed. This reporting requirement is exempt from reports control per reference (h), Part IV, paragraph 7p. For the purposes of this Order, The Basic School shall not be considered a "first permanent duty station" but shall be required to include training on FCP as part of the standard readiness curriculum for Marines and spouses.

   (c) Contractors serving in officially designated contingency operations are encouraged to have a FCP.

   (d) The FCP template in enclosure (1) shall be the standard template for the Total Force. Reference (e) provides additional definitions for the utilization of this document.

   (2) Concept of Operations

   (a) Individual Marines shall plan for contingencies in the care and support of dependent(s) and development of an adequate FCP.

   (b) Commanders are responsible to ensure that Marines with dependents have an up-to-date, adequate FCP.

   (c) Commanders shall use the FCP in enclosure (1) as the template to review the Marine’s FCP to validate that the plan is adequate and complete.

   (d) Failure to produce a FCP in accordance with this Order may result in disciplinary or adverse administrative action, to include administrative separation, or termination. Reserve Marines who fail to produce an adequate FCP may be
subject to transfer to an inactive status, discharge, or separation.

(e) The original FCP shall become part of, and be filed with, the individual Marine’s Officer Qualification Record (OQR) or Service Record Book (SRB). In the case of the CEW, the original FCP shall be filed within their personnel file.

(f) Within one year of this Order being signed, the Total Force shall replace all local unit FCP with the FCP in enclosure (1). Any additional information a Marine determines necessary to include with his/her FCP may be attached to the FCP as a separate document.

b. Subordinate Element Missions

(1) Deputy Commandant for Manpower and Reserve Affairs (DC, M&RA). The DC, M&RA provides oversight for all issues pertaining to unit, personal and family readiness and has responsibility for the implementation of policy pertaining to family care plans in compliance with reference (c).

(2) Director, Judge Advocate Division (JA). Coordinate with DC, M&RA and serve as subject matter expert for legal counsel and advice.

(3) Marine and Family Programs Division (MF). CMC (MF) maintains functional control of the implementation of policy pertaining to FCP as the program and resource sponsor for unit, personal and family readiness, and serves as the Marine Corps subject matter expert on topics not related to legal counsel and advice. CMC (MF) shall:

(a) Develop and implement policy to ensure that the Marine Corps is in compliance with reference (c).

(b) Coordinate with JA to facilitate an appropriate level of support for training to ensure commanders are equipped to take a hands-on, pro-active role in fulfilling their FCP requirements.

(c) Develop and implement guidance and training to ensure commanders are provided education and support on the requirement, preparation, and maintenance of FCP.

(d) Coordinate Marine Corps Community Services (MCCS) functions to support commanders and Marines in the
planning and development of adequate FCP in order to provide a standardized level of support, Marine Corps-wide.

(4) Commanders shall:

(a) Ensure Marines are fully informed on the purpose, importance, and limitations of a FCP and that failure to develop an adequate FCP and complete all associated tasks required for implementation may subject the Marine to disciplinary action and/or adverse administrative action.

(b) Ensure that Marines have properly recorded their dependent family members in the Marine Corps Total Force System, and Defense Enrollment Eligibility Reporting System (DEERS) per reference (e).

(c) Utilize the FCP provided in enclosure (1). Validate family care plans for accuracy, adequacy and currency, or appoint a command representative, E-7/O-3 or above, to serve as the validating official.

1. Ensure Family Readiness Officers (FROs) are not appointed as the commander's representative for endorsing the adequacy of FCP.

2. Upon the signing and release of this Order, commanders shall have one year to initiate and validate FCP for their Marines with dependent(s). It is recommended that operational units initiate required actions to ensure validated FCP are established for Marines with dependent(s) prior to scheduled deployments.

3. Simultaneously, FCP shall be validated as part of the check-in process for Marines with dependent(s) reporting to their first duty station.

4. FCP shall be validated at check-in, annually, within 60 days for Active Duty (AD)/90 days for Reserve Component (RC), or when changes in family or personal circumstances occur that result in a change to the dependent eligibility, per reference (c).

(d) Ensure Marines are provided appropriate assistance to enable them to establish a FCP within the required timelines. Encourage Marines whose family circumstances involve custodial agreements to consult with legal counsel to ensure
they are fully advised of the impact of their custodial rights in the event or their short-term and long-term absence.

(e) The command copy of the validated FCP shall be maintained at the Marine’s parent command.

(f) The command copy shall be returned to the Marine at check-out.

(5) Installation Commanders shall: Establish and publish clearly-defined protocols to facilitate the process whereby designated agents (caregivers) are provided access to base facilities in support of care for dependents. A sample Agent’s Letter is provided in enclosure (2).

(6) Senior Enlisted Advisors. At all levels shall be fully informed of the requirements for family care plans and shall be an additional source for guidance, information and referrals.

(7) Individual Marines

(a) Develop a FCP per this Order.

(b) Ensure that dependent family members are properly identified and enrolled in DEERS, per reference (e) and that unit diary entries are current, per reference (d).

(c) Ensure that information contained in their FCP is current and applicable.

(d) Ensure that caregiver(s) are provided with detailed instructions and necessary documentation consistent with their FCP.

(e) Ensure that the command is notified within 60 days (AD)/90 days (RC) after a change in circumstances or personal status that generates the requirement for, or update of, a family care plan.

(f) Ensure that the command copy of the validated FCP is retrieved at check-out.

5. Administration and Logistics

a. Submit all change recommendations regarding this Order via the appropriate chain of command to DC, M&RA.
Recommendations should be submitted in writing, and should include supporting rationale.

b. For the purposes of this Order, the term FRO is used to refer to both DOD Civilian and active duty personnel unless otherwise specified.

c. For the purposes of this Order, a dependent family member shall be a person meeting eligibility requirements defined in reference (e).

d. Records Management. Developers, owners, and users of all Marine Corps Information systems have the responsibility to establish and implement adequate operation and information technology controls including records management requirements to ensure the proper maintenance and use of all records, regardless of formation or medium, to promote accessibility and authorized retention per the approved records schedule and reference (g).
