(2) HQMC Combat Development and Integration Doctrinal Proponency  
(3) Marine Corps Systems Command Doctrinal Proponency  
(4) Marine Forces Command Doctrinal Proponency  
(5) Marine Forces Pacific Doctrinal Proponency  
(6) Training and Education Command Doctrinal Proponency  
(7) Marine Corps Logistics Command Doctrinal Proponency  
(8) Marine Corps Forces Special Operations Doctrinal Proponency

1. Purpose. To provide the annual update of doctrinal proponents and assigned doctrinal publications.

2. Cancellation. MCBul 5603.

3. Background

a. The reference designates the Deputy Commandant, Combat Development and Integration (DC CD&I), as the Commandant's executive agent for the development, review, maintenance, and publication of Marine Corps Service doctrine. It also grants authority to DC CD&I to assign selected Marine Corps organizations as doctrinal proponents.

b. Doctrinal proponency assigns the responsibility for the preparation, review, and periodic update of a doctrinal publication to a Marine Corps organization with the required subject matter expertise. Doctrinal proponency is intended to take advantage of the expertise within the Marine Corps supporting establishment to ensure that Marine Corps Service doctrine is timely, relevant, and compelling. Enclosures (1) through (8) list doctrinal proponency assignments by organization and identify the CD&I Capabilities Development Directorate functional integration division that has administrative cognizance for all publications in the hierarchy; Service only, multi-Service, joint, and multinational.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

c. Publications are listed only if they currently exist on the Web site or, for new publications, have entered the coordinating draft phase.

d. The enclosures represent relationships and publication information from the database as of January 2018. Any approved changes since then will be reflected on the next annual MCBul 5603.

e. Doctrine Facilitated by Air, Land, Sea Application (ALSA) Center

(1) ALSA is a joint organization chartered by a Memorandum of Agreement under the authority of the Commanders, Army Training and Doctrine Command, Marine Corps Combat Development Command, Navy Warfare Development Command, and Headquarters, Curtis E. LeMay Center for Doctrine Development and Education to facilitate rapid development of multi-Service tactics, techniques, and procedures (MTTP).

(2) The mission of ALSA is to rapidly and responsively develop MTTP publications, facilitating joint information exchange and operational solutions across the entire military spectrum. The MTTP publications are designed to fill interoperability voids between units, staffs, and the Services.

(3) The Proponent's responsibility for an ALSA-facilitated publication entails Service representation on content matters and providing or sourcing Service representation (two subject matter experts) on joint working groups (JWGs) to revise or write the publications. There are typically two five-day JWGs during the development or revision of an ALSA-facilitated publication. Marine Corps participation in JWGs is funded by DC CD&I.

f. Doctrine Facilitated by the American, British, Canadian, Australian and New Zealand (ABCANZ) Armies' Program. ABCANZ is a land-focused organization that establishes common procedures for use by the five national armies, the Royal Marines and United States Marine Corps. The Service representative to the ABCANZ Executive Council is the ACMC with oversight provided by the Director, Capabilities Development Directorate. ABCANZ standards, when used by the Service, are embedded in Service doctrinal publications. ABCANZ handbooks are on the Service Doctrinal Hierarchy as Marine Corps reference publications. Use of ABCANZ publications is one method to achieve interoperability with our closest allies.

g. Doctrine Facilitated by the North Atlantic Treaty Organization (NATO). NATO consists of 28 nations allied for their common defense. A primary focus is interoperability and standardization of land, sea, and air forces. To achieve this, NATO produces doctrinal publications and material standards collectively known as standardization agreements (STANAG) through the NATO Standardization Office and the Military Committee's working groups. The Marine Corps is the custodian of a number of these publications and standards, which has the effect of making a Service standard into a NATO STANAG. All NATO doctrinal and material standards are reviewed by the Service, and where appropriate, implemented in Service doctrine or United States military standards. Doctrine proponents and integrators have the option of using a NATO publication, with or without supplementation, if the publication meets Service needs.

h. Procedural guidance for doctrinal publication development can be found at <https://www.doctrine.usmc.mil>.

4. Action. Organizational heads listed in enclosures (1) through (8) are assigned as doctrinal proponents and should take the following actions:

a. Review the information provided in the applicable enclosure to this Bulletin.

b. Conduct a content review of each assigned publication due for review. In reviewing each publication, assess its currency, utility, and relevance to current and emerging Marine Corps doctrine, tactics, techniques, and procedures.

c. Submit recommendations for changes or modifications in proponency assignments to the existing publication listing to DC CD&I (C 116) at the following address:

DC CDI  
ATTN MID DOCTRINE CONTROL BR (C 116) MARINE  
CORPS COMBAT DEVELOPMENT COMMAND  
3300 RUSSELL ROAD SUITE 204  
QUANTICO VA 22134-5021

5. Reserve Applicability. This Marine Corps Bulletin is applicable to the Marine Corps Total Force.

6. Administration and Logistics

a. Privacy Act. Any misuse or unauthorized disclosure of Personally Identifiable Information (PII) may result in both civil and criminal penalties. The Department of Navy (DON) recognizes that the privacy of an individual is a personal and fundamental right that shall be respected and protected. The DON's need to collect, use, maintain, or disseminate PII about individuals for purposes of discharging its statutory responsibilities will be balanced against the individuals' right to be protected against unwarranted invasion of privacy. All collection, use, maintenance, or dissemination of PII will be in accordance with the Privacy Act of 1974, as amended (reference (b)) and implemented per reference (c).

b. Records Management. Records created as a result of this Bulletin shall be managed according to National Archives and Records Administration approved dispositions per reference (d) to ensure proper maintenance, use, accessibility and preservation, regardless of format or medium.

c. Cancellation Contingency. This Bulletin is cancelled one year from the date of publication.

R. S. WALSH  
Deputy Commandant for  
Combat Development and Integration
